Revised 07/22

Hello!

Welcome to our guide to all employment and training services offered by the Atlantic County Workforce Development Board and the Atlantic County Office of Workforce Development. Our office is established to help dislocated workers, youth, and adults in need of employment, education, and training. We provide a number of different services that are highlighted on the following pages.

We provide services both virtually (online) and in person and our counselors are always willing to help. All of our services are free of charge and include literacy assistance, preparation and testing for the high school diploma, training grants, on-the-job training, apprenticeship, job counseling and job matching and more.

Our mission is to serve the residents of Atlantic County with workforce services that lead to better employment opportunities, increase marketable skills and create a career pathway to sustainable living wage jobs for all. Hopefully, this booklet will assist you in taking the first steps toward that achievement.

I wish you success and satisfaction as you pursue your new career path.

Sincerely,

Francis F. Kuhn

Workers with Disabilities, Veterans and Seniors

Senior Services

Low-income New Jersey seniors aged 55 and older can be assisted by Workforce 55+ to achieve economic self-sufficiency through employment. Workforce 55+, National Council on Aging and Experience Works are New Jersey's Senior Community Service Employment programs, which train and place older individuals in community service positions and unsubsidized employment. Job-ready seniors receive employment opportunities. Other seniors are referred to classroom or work-based training at nonprofit organizations and public agencies in their communities, prior to transitioning into the workforce. Participants receive a minimal stipend while they train to obtain gainful, unsubsidized employment.

Veterans

Services are available exclusively to veterans, transitioning service members and their spouses. Eligible veterans work with a dedicated Veteran Representative who is trained to meet your specific needs and is familiar with the full range of job development services, including career planning, job searches and training programs. This service is available at no cost. Contact your local Veteran Representative at (609) 813-3913 or (609) 813-3907.

Workers with Disabilities

The New Jersey Division of Vocational Rehabilitation Services (DVRS) helps individuals with disabilities that are having trouble finding or holding a job because of their disability. If you have a disability that is preventing you from working, or is endangering your present employment, DVRS services may be able to help. Submit a confidential referral for services or call your local DVRS office at (609) 813-3933.

Youth

The **YouthWORKS** program help youth and young adults, ages 16 to 24, find jobs, connect to educational programs, obtain their high school diploma, and explore career opportunities. We provide services and programs to increase the job skills and employability of youth and young adults. These programs are available at no cost through a grant from the New Jersey State Department of Labor. Employment Specialists are available to meet with youth and young adults on an individual basis or in groups, to discuss career goals and guide them to pursue career paths based on their interests and abilities.

For young adults:

- Career exploration
- Job search assistance
- Support services and referrals to High School diploma test preparation classes, free training programs and public assistance
- Individualized /group workshops and counselling by request

The **New Jersey Youth Corps Program** is a full-time, voluntary program when corps members spend half their time working toward a high school diploma and the remainder in community service/work experience projects. The program is for out of school youth ages 16 to 24. Members learn self-discipline, personal responsibility, socialization skills, work readiness abilities, and develop entry level occupational skills. Additional services available to corps members include development and referrals to community supports and resources. The goal of this program is to ensure that corps members will be placed in higher education, vocational training, or employment upon the completion of the program.
